## LEGAL ONE Team

### Foundation for Educational Administration

FEA was founded in 1985 to provide professional development for members of the New Jersey Principals and Supervisors Association (NJPSA). Since then, the Foundation has grown into one of the premier organizations for educational professional development for current and aspiring school leaders. FEA has extensive experience in providing rigorous, large scale professional development, and currently operates the highly successful NJ EXCEL, NJ L2L, NJ ELITE (in partnership with NJASA), and the Rutgers/FEA Education Law and Policy Institute (in partnership with Rutgers). NJPSA attorneys, who have extensive experience in representing school leaders on legal matters, serve as instructors in FEA's various school law programs.

### IELP

The Institute on Education Law and Policy at Rutgers-Newark is New Jersey's premier center for interdisciplinary research and innovative thinking on education policy. Its founder, Professor Paul Tractenberg, is recognized nationally as a leader on a wide array of school law and policy issues. Its mission includes promoting greater understanding of complex issues in education law and policy for educators. Since 2005, IELP has partnered with FEA to provide the Rutgers/FEA Education Law and Policy Institute. IELP brings to bear the extensive resources and capacity of Rutgers, The State University of New Jersey, including access to professors and students in the School of Law and the School of Public Affairs and Administration. It has completed reports for the NJDOE on NJQSAC, school choice, and the state operated school districts.

### MOESC

The Monmouth/Ocean Educational Services Commission is the leader in providing online professional development for education professionals through its groundbreaking OTIS (Online Training In-service Seminar) program. OTIS provides online training in areas such as child abuse and neglect, illegal harassment and bullying, cyber bullying, gangs, suicide prevention and awareness, and college scholarships. To date, thousands of educators from more than 100 school districts have completed OTIS training. No other entity in New Jersey can match MOESC's extensive experience in providing high quality, online professional development for educators.

# LEGAL ONE is Priority One in 2009

All FEA professional development programs and courses are designed to satisfy the criteria and requirements for travel, the requirements for Professional Growth Plans, and the New Jersey Standards for School Leaders.

# **LEGAL ONE** is **Priority One in 2009**

## **Why is LEGAL ONE Priority One?**

With the cost of litigation skyrocketing for school districts, LEGAL ONE provides a comprehensive training program designed to enhance administrative decision-making and help prevent unnecessary and costly litigation. In addition, a new state mandate requires all school leaders to complete twelve hours of training on issues of school law, ethics and school governance by June 30, 2013, as reflected in recently adopted State Board regulations, N.J.A.C. 6A:9-16.7. These regulations were adopted to satisfy the **School District Accountability Act of 2007, N.J.S.A. 18A:26-8.2**. The requirement applies to all superintendents, assistant superintendents, principals, assistant principals, supervisors, and directors.

## **What is LEGAL ONE?**

LEGAL ONE (Law, Ethics and Governance for All Leaders, including an Overview of New and Emerging issues) is in compliance with the training requirements under the School District Accountability Act. Training is available in person and online. It is a collaborative effort of the Foundation for Educational Administration (FEA), the Institute on Education Law and Policy at Rutgers-Newark, and MOESC. The online component is being produced by the premier provider of online professional development in the State of New Jersey, MOESC.

*"LEGAL ONE is the best professional development program our administrators have ever received. It is practical, interactive, and comprehensive. I have no doubt it will enhance the ability of our administrators to address difficult legal issues. As a superintendent of schools, I can think of no better way to invest our resources than LEGAL ONE,"*

*- Charles M. Earling, superintendent for  
Monroe Township school district in Gloucester County.*

## **Why Choose LEGAL ONE, and What Will Be Covered?**

1. **High Standards.** LEGAL ONE is a rigorous, standards-based program.
  2. **Flexibility.** By offering programs both in-person and online, as well as in-district and regionally, LEGAL ONE provides the flexible approach needed for today's busy school leaders.
  3. **Experience, Credibility, and Capacity.** The partners in LEGAL ONE have the experience, track record, and capacity to deliver quality.
  4. **LEGAL ONE** is directly aligned with the statutory and regulatory standards for the required training, including the provision of twelve hours of training organized into four modules:
    - Module 1** - school ethics, school governance and the latest in school law;
    - Module 2** - student rights and responsibilities;
    - Module 3** - staff rights and responsibilities;
    - Module 4** - special education.
- Note: Assessments are aligned to all four modules.
5. **LEGAL ONE's** innovative online option permits districts to have their school leaders receive high quality training which meets the statutory requirement and which avoids issues related to the travel regulations.
  6. **Graduate credit** from Rutgers University is available upon completion of LEGAL ONE.

*"We thought we were communicating effectively when it came to our disciplinary issues, but the LEGAL ONE program gave us the ability to share our best practices, enabling us to find 'one voice' when responding or taking action."*

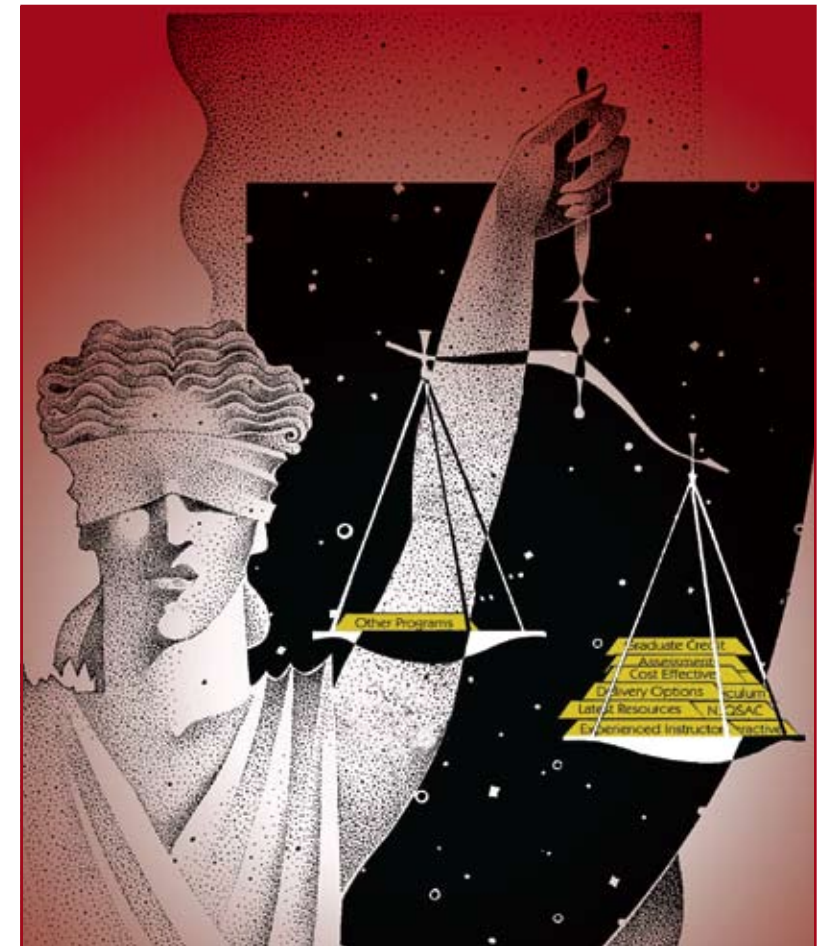

*- Cheryl Simone, superintendent for Washington Township schools*
